

THE DEADLY FEUD

The Trouble Between the Philpots and Morris began Eight Years Ago.

SEVERAL ENGAGEMENTS TOOK PLACE.

Both Factions Have Quit Work to Prepare for the Tremendous Struggle About to Take Place.

Arms said to have been received from London—Victims of the Fight in 1910 or Day Executed to their Graves by a Heavily Armed Guard.

LONDON, Ky., July 21.—Clay county appears to be alive with armed men both sides to the feud. The Philpots and Morris are assembled in their respective neighborhoods. Preparations for war go on. Arms are said to have been received from this point and taken to the Clay county. It is believed they were for both sides.

Judge W. L. Brown, London, who has tried many mountain feud fighters, says that he regards this as the most serious trouble Clay county has ever had, and he expects to hear of a desperate fight.

High Griffin and Aaron Morris were laid in the same grave. Harvey Griffin was placed beside Clay county. The funeral procession escorted the corpse to the burial grounds under a heavy guard, armed with Winchester.

The Philpots-Morris feud can be traced back over eight years. It began in the Pigeon Roost fight, in which the Philpots and Fishers were engaged with a number of alleged followers of Morris. On election day J. B. Philpot was killed, and the young man named Nicholson, a clerk in the pension department at Washington, who had come home to vote, had a leg shot off. George Cole, who last year killed Marsden Roach at Harboursville, and is now a fugitive from justice, was riddled with bullets. Several others were wounded. Sam Philpot, who figured prominently in that fight, was wounded at the battle of San Juan hill.

The next fight was about six years ago. One of the Stuaris and Maj. Jack Downey, of the Chadwell-Stratford force, were killed. The Stuaris, who are allies of the Chadwells and Griffins, the present feud, Joe Nance and John Bowling were sent to the penitentiary on account of their participation in that battle, but were afterward pardoned.

The next engagement was four or five years ago, when Tim Philpot, Ed Fisher and others on one side were engaged by the Chadwells and George Thompson on the other. Thompson was killed, and both Tim Philpot and Ed Fisher were indicted and tried, but they were acquitted.

One other fierce short battle occurred at Dripping Springs, Clay county, in which Dave, Hugh and Joe Bowling lost their lives at the hands of the Hamptons, who are now in the Morris-Giffin ranks. Others were wounded. The next battle was fought on Horse Creek, at a saloon, a year ago. In this fight James Crow Philpot shot and killed William Bundy, and was in turn killed by Aaron Morris. Bundy's son-in-law, Morris was sentenced to ten years, but on a new trial he was acquitted.

It is charged that the Whites, of the Howard White-laker feud, assisted him.

As a result of last Monday's battle four men, Hugh Griffin, Aaron Morris, Harvey Griffin, of the Morris side, and Ed Fisher of the Philpot faction, have been buried. Two others will probably die.

RACE WAR IN ARKANSAS.

The Negroes of Lake Village Have Arisen in Armed Force Against the White People of the Town.

LITTLE ROCK, Ark., July 21.—A special from Pine Bluff, Ark., says: Information received here at 11 o'clock Thursday night indicates that the Negroes of Lake Village, Chicot county, have arisen in an armed force against the white people of that city. Lake Village is the seat of the town and is about 25 miles from a railroad. The Negroes of that portion of the state largely outnumber the white population.

The home of E. Vinson, a white attorney, has been burned and the white people are arming themselves with the intention of suppressing the riot.

An Important Decision.

PHILADELPHIA, July 21.—Justice Green, in the supreme court, has decided that the commandment of the Erie soldiers' home was justified in installing that an inmate of the home should turn over for his maintenance a portion of his pension money. TWO SMALL ROTS

Dynamite Cartridge Placed Under Wheels of a Euclid Avenue Car in Cleveland.

WHEELS OF THE CAR WERE DESTROYED.

On Wilson Avenue Stones Thrown and the Non-Union Conductor and Motorman Fired Revolvers.

A Mob Dispersed by the Police at the Humboldt Viaduct—At Petrie Street a Fire Battle Took Place Between Strikers and the Police.

CLEVELAND, O., July 21.—Two small riots occurred Thursday. A crowd of 300 attacked a car in South Brooklyn where the track had been obstructed. The conductor with a revolver held the mob at bay and the car was removed the obstructions and the car proceeded. Another car was stoned at the same place later. Another mob attacked a car near the Petrie street bridge. The windows were smashed but nobody was hurt.

The company is getting new men daily. Between 50 and 75 arrived from Chicago and St. Louis. These men are housed at the bars and are put in cars as rapidly as their services are required.

The officials of the company have ceased to make statements for publication and the strikers refuse to discuss their plans. They say, however, that the men can not return to work under present conditions and that nobody will go back to work unless all are taken back.

The union men on the Cleveland, Painesville & Eastern road who have been running their cars into the city refused to do so longer and Thursday morning they turned back at Collamer. They were notified that they would be discharged when they reached Painesville, and it is probable that non-union men will be put on their place.

Rioting was resulted in the street railway strike Thursday evening, several outbreaks having occurred in several places. About 9 o'clock a dynamite cartridge was exploded under the wheels of a Euclid street car at the corner of Erie and Prospect streets.

The wheels of the car were destroyed by the explosion which was heard for a distance of two miles, and one man, a passenger, fainted, but nobody was injured. There was no riot in the vicinity, nor was anybody seen to place the cartridge. Earlier in the evening a mob attacked a cross-town car on Wilson avenue, near the corner of Lexington. Stones were thrown, and the non-union conductor and motorman fired revolvers at the crowd. It is said a woman was shot through the wrist, but the police deny that.

About the same time all available police on duty in the downtown district were called to the Humboldt street viaduct, on the Broadway line, where a riot was in progress. A crowd of a thousand men and boys were engaged in piling obstructions on the track. Ropes were thrown over trolley wires in the attempt to pull them down. Only one policeman was on duty at the viaduct. He was stoned and driven from the scene, and a girl was hit with a stone and was seriously hurt. Three patrol wagon loads of police responded to the call and the riot was dispersed. It is feared that more damage will be done before morning.

A mob collected on Broadway at Petrie street Thursday evening and attempted to prevent the last car from going to the barns. A small squad of police, under Capt. Rowa, soon arrived and charged the crowd. A fierce battle followed, in which the police used their clubs savagely. The crowd soon dispersed. Several arrests were made, one of the prisoners being a man who was knocked senseless by a policeman's club.

Thursday night obstructions were piled on the street railway tracks in various parts of the city. The mayor and the street railway union both announce that rewards will be offered for the arrest of those guilty of blowing up the street car with dynamite Thursday night.

NEW YORK STRIKE

A Crowd Attempted to Wreck a Car at 130th Street and 8th Avenue.

CONTROLLER BATTERED TO PIECES.

Squad of Policemen Attack the Rioters and Several of them Placed Under Arrest.

The Cars on Ninth Avenue Continue to Run on Regular Schedule Time—The Situation Improved on Other Street Lines in the City.

NEW YORK, July 21.—A crowd of striking motormen of the Eighth avenue line late Thursday afternoon attempted to wreck a car at One Hundred and Thirtieth street and Eighth avenue, after driving the motorman from the car. A mob had been lying in wait and climbed aboard when the car stopped to take on a woman. They seized the motorman and tore the controller bar out of his hands. The strikers then proceeded to smash the switch box above the platform with the controller handle and a man with a crowbar battered the controller to pieces. An immense crowd gathered, and a bicycle policeman went to the rescue. Other policemen arrived at about the same time. They broke through the crowd and attacked the strikers, arresting several of them. A great crowd followed, jeering and threatening the policemen, but were driven off by policemen who came to the assistance of the roundean and his patrolmen along the way.

The cars on the Eighth avenue line moved along with perfect regularity after dark Thursday night. At the station of the Forty-ninth street and Eighth avenue, where the strike was being held, the cars were not allowed to stop. Inspector Thompson has charge of the police arrangements. At 8 o'clock he sent out a policeman on every car, but more as a precaution than a necessity.

The cars on the Sixth avenue line continued to run on regular schedule time after nightfall. At no place along the line was there any evidence of a strike.

Inspector Thompson, in command of the police at the Sixth avenue station, Sixth avenue and Fifth street, began at 8 o'clock to furnish police on every car. He sent one policeman on every car, although he said he did not think this was really need.

Second avenue, the storm center of Wednesday night, was so vastly improved from the view point of order and observance of the law Thursday night that a stranger would have been unable to detect the existence of a strike, except, perhaps, from the large number of policemen on guard. The avenue was thoroughly patrolled.

The insulation in the conduit of the Eighth avenue line burned out Thursday night between Sixty-ninth street and Eighty-first street. A piece of wire thrown into the slot either by accident or with design became entangled in the plover of a car and loosened the spring of the plow. This was laid down as the cause of the trouble. There was a beautiful pyrotechnical display for ten blocks, and at places the flames shot ten feet in the air, the fire burning itself out.

At the strike headquarters of the Second avenue line it was claimed that 10 motormen and 20 conductors had joined the strikers during the day, making a total of 300 out on that line. The strikers claimed not to have lost a single man.

SEVERE BATTLE AT BOBONG.

One Hundred and Fifteen of the Enemy Killed—Many Wounded—American Loss One Killed, One Wounded.

MANILA, July 21.—News had been received here from Gen. Smith, at Iloilo Island, of Pamp, of a severe fight which he had in command of the 16th infantry, with 70 men, and a force of 450 Babayones, who surprised the American troops.

NO FRICTION DEVELOPED.

Four Thousand People Attended the Meeting of the Democratic National Committee in Chicago.

CHICAGO, July 21.—No friction developed at the meeting of the democratic national committee Thursday, and the silver men, who made such belligerent assertions Wednesday night, failed to make them good Thursday. Not a single warlike note was sounded and no defenses were uttered either by the men who demanded that "16 to 1" shall be the rallying cry in the next campaign, or by those who oppose its adoption.

Four thousand people crowded into the auditorium Thursday night despite the sweltering heat to attend the political meeting given under the auspices of the Chicago platform democrats.

It was from first to last a silver meeting and Algeid meeting, an anti-trust and anti-expansion meeting. All of the speakers, was ill, Stone, of Missouri, who was ill, and talked for less than two minutes, declared in favor of 16 to 1 and against the war in the Philippines islands.

The speech of Mr. Bryan evoked great enthusiasm among his hearers, especially alluded to him in laudatory terms, and at every mention of his name the audience shouted approval.

The meeting was largely made up of the local adherents of the Chicago platform and personal followers of Algeid, Algeid. The meeting therefore pagook somewhat of the nature of a personal tribute to him. Many of the speakers alluded to him in laudatory terms, and at every mention of his name the audience shouted approval.
